ISSUANCE NOTIFICATION: Green Seal™ Standard for Commercial and Institutional Cleaning Services, GS-42, Second Edition

Green Seal proposed criteria revisions for 4.1.2 Trash Can Liners; 5.4 Entryways; and 8.0 Certification and Labeling Requirements in the Green Seal Standard for Commercial and Institutional Cleaning Services, GS-42. Comments from the public were solicited through an online forum from September 9, 2011 until September 23, 2011. The revisions were issued in the Second Edition of GS-42. The revisions updated the criteria to adapt to the widespread and varying types of facilities using the standard. The standard is now available for certification.

More information about the standard is available at:
